**PRIVATE LIGHTING SERVICE AGREEMENT**

**TYPE OF SERVICE:**

Automatic controlled Outdoor Lighting, dusk to dawn photo-cell control. All lamps connected ahead of consumer meter.

**CONDITION OF SERVICE:**

Completing and signing this form is an application for service and a binding agreement. I acknowledge that I am authorized to request this service, and I have the authority to authorize Northeast Power to add charges to the electric bill for the account listed below.

The applicant agrees to allow Northeast Power personnel to enter their premises for the purpose of maintaining or removing said light or lights and to maintain Northeast Power property and equipment at any time required by the District to perform such work.

Northeast Power is obligated to maintain, service and replace the bulb(s) and related parts only during normal working hours, namely: 7:30 am to 4:00 pm on week days. If the consumer requires service during times other than normal working hours, the customer agrees to pay for such services.

**SERVICE CHARGES:**

The automatic controlled light fixture is to be connected ahead of the consumer’s electric meter. Monthly and annual charges for the light shall be at current rates specified in Rate Schedule ‘L’, available upon request, and subject to change by action of the Board of Directors. **This is not a fixed cost contract.**

**TERMS OF SERVICE:**

In consideration of the installation of a light(s), the applicant agrees to use and pay for installed light for a term of five (5) years from date of installation and thereafter until this agreement is terminated upon notice by either party to this agreement. **If this agreement is terminated prior to five (5) years from date shown below, then the customer agrees to pay the balance of the monthly charges.** These charges may be added to the applicant’s electric bill and subject to disconnection of service for non-payment.

The applicant desires to have installed on their premises a photo-electric controlled luminaire equipped with either a high pressure sodium or LED light. Depending on light location, some fixtures, poles and wires will be the property of Northeast Power. Please specify which type of light.

73 watt LED     96 watt LED

Authorization is hereby granted to install \_\_\_\_\_ (number) light(s) on poles approved by a Northeast Power representative, at my property located:

Township \_\_\_\_\_ Range \_\_\_\_\_ Section \_\_\_\_\_ Qtr: \_\_\_\_\_
