RATE:

ANNUAL MINIMUM CHARGES

The ANNUAL minimum charge under the above rate shall be \$507.00 where 75 KVA or less of transformer capacity is required. For consumers requiring more than 75 KVA of transformer capacity, the annual minimum charge shall be increased at the rate of \$12.00 for each additional KVA or fraction thereof required. Payment of the annual minimum charge will be made annually in advance of receiving service. No kWh's are allowed for the annual minimum charge.

ENERGY CHARGES

All kWh's will be billed a 1.8¢ distribution capacity charge.
All kWh's will be billed a 8.63¢ wholesale power cost charge.

The total charge is 10.43¢ per kWh.

The meter shall be read at the end of each twelve-month period and at any other time appropriate to the District for monitoring purposes. Customers with AMR meters and that use over 500 kWh per year will be moved to one of the monthly Three Phase Service Rates and will be billed monthly.

ANNUAL BILLING FOR SERVICES

At the completion of each twelve-month period, or when disconnected at the request of the customer, the customer will be billed for energy charges for all kWh's used during the previous twelve-month period and for the annual minimum charges for the succeeding twelve-month period.

TERMS OF PAYMENT

Penalty dates are posted on monthly bills. The District's policies governing penalties collection charges, and disconnection of service for non-payment shall apply.
